

TRAWLER

1964

CHARLES C. COLLINS, JR.  
President

The Terrebonne Parish School Board has contributed much to the school plant this year for the convenience of the students and staff. Shelves were placed along the walls in the front hall. Students now have a place to store books before school and during the lunch hour. The physical education department received new lockers and additional office space was provided in the West Stadium. New basketball equipment lockers were purchased. During the 1963 summer months the inside of the school building was completely painted. Equipment was bought for the chemistry and physics labs. Without the assistance and provision of the school board, students would be without many advantages.
